# LITHOS

design Paolo Pampanoni

**Per riscoprire la purezza della materia, per posare l'accento sulla bellezza delle superfici, per accorgersi che non c'è bisogno del superfluo.**

*To rediscover the purity of material, to place the accent on the beauty of the surfaces, to understand that there is no need for superfluous things.*

**La struttura è espressione della costruzione.**  
*The frame is the expression of building.*

Partiamo dall'ordine: ciascuna cosa ha una collocazione precisa e merita un posto suo, secondo la sua natura. Ciascuno di noi è parte di quest'ordine, ecco perché riusciamo a pensare solo a idee dalle implicazioni armoniose.

*Order comes first: each single thing has a specific role and deserves a proper place according to its nature. Each of us is a part of this order, this is the reason why we can only conceive ideas that have harmonious consequences.*

É la realtà delle cose che detta la verità contingente.  
*The reality of objects suggests the truth of reality.*

Ecco che anche la comodità non diventa mai banale perché per noi è un valore, quindi necessaria.

*A comfortable place will never be a common place for us, because comfort itself is a value, therefore it is absolutely necessary.*

**Lo stile si affina con il tempo: cerchiamo costantemente la giusta alchimia di esperienza, rigore e consapevolezza.**

*Style improves over time: we constantly search for the right mix of experience, exactness and knowledge.*

**Un presidenziale che coniuga eleganza e praticità.**  
*A presidential collection which brings together elegance and practicality.*
