

Aleaf

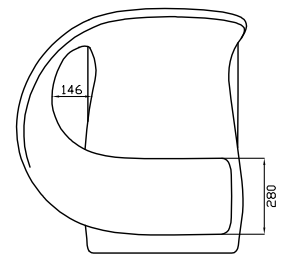

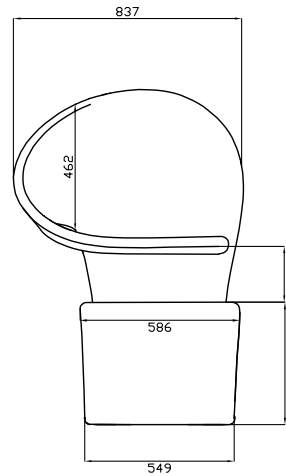

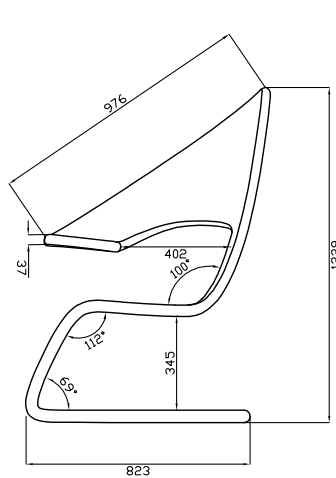

A flexible chaise longue and an armchair at the same time, that can be used for relaxation or as a temporary workstation. Seat, back and armrest are part of the same sinuous and continuous structure. The movable supporting surface provides an easier and more comfortable seating.

Design by

Michele Franzina and Venezia Homedesign Team

Technical data

Stress-resistant polyurethane foam on a metal frame
Tubular metal base
Fully upholstered with different covers and colours
Dimensions: 85 x 90cm, h: 120cm
Weight: 30 kg

designyouedit

A new concept of design and furnishing

Designyouedit products are "editable": they can be modified, customized, both in their shape and function, with simple steps and a touch of creativity.

They are multifunctional, flexible,

they can be transformed or adapted to different uses and locations: home, office, all kinds of public areas and even outdoor.

You are the core, your ability to interact with these objects

and your imagination in reshaping spaces.

Designyouedit is your design, a design that changes according to your needs and follows you over time.
